## To Radio ASU

The American Servicemen's Union, through the cooperation of the Democratic People's Republic of Korea, now has a weekly radio program being broadcast to GIs in Korea, Japan and Southeast Asia. Leaders of the DPRK agreed to broadcast the program for the ASU last year, when ASU Chairman Andy Stapp visited their country.

The program will consist of music and discussions of political issues and struggles relevant to GIs. The programs so far have included a discussion of the Attica prison rebellion with Tom Soto, an ASU staff member and leader of the Prisoners Solidarity Committee, who was in Attica during the rebellion at the invitation of the prisoners. Another program dealt with the DPRK, and the US-puppet state in the south of the country, and included Andy Stapp and ASU organizer Bruce Choy, who is Korean and has lived in the south several years.

The program is recorded in New York City and broadcast from the DPRK to GIs in Korea at the following times and frequencies:

9:00 PM, Tuesday, Korean time (short-wave)  
9515 KHZ (31.5m)  
15159 KHZ (19.8m)

5:00 PM, Wednesday  
6540 KHZ (45.9m)  
15150 KHZ (19.8m)

In addition, it is broadcast to Japan and Southeast Asia as follows:

7:00 PM, Thursday  
6:00 PM, Friday  
6540 KHZ (45.9m)  
635 KHZ (472m — medium-wave, can be picked up on ordinary AM radio)

The ASU plans to use the program to spread the message of the Union to hundreds of thousands of GIs stationed in these areas. All Union members and sympathizers are encouraged to spread the word about the program, and if possible to get together the equipment and organize others to listen. Comments and suggestions on the program are welcome, and anyone who wants to publicize any struggles, repressions, or other news should write to the national office, and it can go on the air, as well as in The BOND.

The ASU strongly welcomes the solidarity of the DPRK in the common struggle against the imperialist US Brass.
